

Océ 180 Booklet Maker

Professional finishing

Flexible and cost-effective finishing offline

The Océ 180 booklet maker is a stapler/folder unit which offers a quick and easy method of producing quality booklets. It is compact, quiet and easy to operate. It is very versatile as it is able to make booklets using a variety of different paper sizes.

Versatility

The Océ 180 produces booklets of up to 80 pages (from 22 sheets of 80 g/m² paper). Changing from one paper size to another is simple: fine adjustments ensure that professional-looking booklets are produced every time. For ultimate flexibility, stapling can be switched off, which allows folding of single or multiple sheets. Producing saddle-stitched booklets from pre-collated sets, the Océ 180 is at home in any print environment.

Ease of use

The Océ 180 booklet maker has been designed with easy set-up and operation in mind. Booklet making starts automatically when a set is hand fed into the machine. Alternatively, a button can be pressed to activate the booklet maker. The Océ 180 is delivered with a stand to ensure an ergonomic working height. Furthermore, the conveyor stacker reduces the need for frequent unloading of finished booklets.

Booklets on demand

The Océ 180 ensures that booklets are made in the right quantity and at the right time. High quality booklets can be produced easily and simply, with the minimum of adjustment, every time.

Input

Paper sizes

- Minimum: 138 mm x 210 mm
- Maximum: 338 mm x 458 mm

Paper weight

60-250 g/m²

Capacity

Up to 22 sheets (80 g/m² paper), which produces a booklet of up to 88 pages

Throughput

Modes

- Saddle stapling and folding
- Folding only (single sheets)
- Activation by sheet input or by pressing button

Staples

- Two stapling heads, each containing 210 chisel pointed staples
- Empty stapler detection

Productivity

Speed

- Up to 1,600 A4 booklets per hour
- Up to 1,800 A5 booklets per hour

Output

Conveyor stacker

Holds up to 200 booklets depending upon booklet thickness:

- 90 booklets of 5 sheets
- 200 booklets of 2 sheets

Physical characteristics

Dimensions

- Width 1,230 mm including conveyor stacker
- Depth 495 mm
- Height 985 mm

Weight

71 kg

Power supply

100/110/120/127/220/230 V

50 - 60 Hz

Power consumption

1 amp
