

Océ CS2424 CS2436 printer

Just print

Large format color printing, made easy

Professional print quality and high speed support your productivity. An extensive set of embedded media profiles and an easy-to-use driver deliver consistent output. Available in 24-inch and 36-inch configurations, the Océ CS2400 series is ergonomically designed and has a compact construction so it doesn't take up valuable floor space. The Océ CS2400 series is the best choice for your large format printing environment.

Quality and speed made easy

The Océ CS2400 printer series prints an A1 in just 30 seconds in draft mode. That's the fastest print speed in this market segment.

You don't have to worry about quality either. It offers an interpolated resolution of 2400 x 1200 dpi. Thanks to the 4 picoliter droplet size, fine details and lines are printed with razor-sharp clarity. What's more, area fills are printed without banding in faster print modes. So you can think big and still keep track of the fine details.

Job submission made easy

The Océ CS2400 printer series offers a number of job submission tools designed to fit different work environments. A Windows and Macintosh-based printer driver is ideal for direct printing in small and medium-sized architectural firms, manufacturers, construction companies and local government departments. For central printing at small reprographers and facility management sites, Océ Client Tools enables users to preview and submit print-ready jobs directly to the Océ CS2400 printer series.

Print consistency made easy

Embedded Océ media profiles deliver instant image quality and a wide range of Océ media gives you professional results from the first print to the last.

The majority of wide format documents is still printed in black & white. That's why the Océ CS2400 printer series has two 130 ml pigmented black cartridges that enable you to print sharp lines and fine details on uncoated media.

The Océ CS2400 printer series consumes less ink than comparable printers on the market. Accounting software embedded in the print controller enables you to manage running costs.

General	
Description	Large format color printer
Type	Thermal inkjet - dye
Speed	Océ CS2424: 30 sec/A1 Océ CS2436: 48 sec/A0
Warm-up time	Instant on
Configurations	Printer
Roll options	1 roll plus cut sheet
Output delivery	Integrated receiving tray - front
Certifications	ENERGY STAR®, TuV GS, CETECOM, CE, UL, cUL, CB, FCC Class B, RoHS
Printer	
Print resolution	True 1200 dpi x 1200 dpi / Interpolated 2400 x 1200 dpi
Paper capacity	Up to 150 m per roll, max 1 roll
Output sizes width	Océ CS2424: 203 mm - 610 mm Océ CS2436: 203 mm - 914 mm
Output sizes length	254 mm - 18000 mm (longer possible, might influence side margins)
Paper weight	56 g/m ² - 350 g/m ²
Media type (www.mediaguide.oce.com)	Draft, standard, coated, recycled, transparant, photo papers, polyester films and outdoor
Controller	
Controller type	Embedded controller
Memory	256 MB
Page description language	Garo, HPGL2, HPRTL
Via Océ Client Tools	HPGL, HPGL/2, PDF, DWF, DWG, tiff, jpg and many more
Print workflow	
Submission	Océ Client Tools, Windows printer driver, Apple Macintosh driver
Job management	Print and history queue, manage queue via Garo status monitor
Accounting	Embedded accounting and optional via Océ Repro Desk Studio
Options	
Software	Océ Repro Desk Studio, Onyx CADPro, Onyx GraphicsPro
Network information	
Client OS support	Windows 2000 (32) / XP(32&64) / Vista(32&64) / Windows 7(32&64) / Macintosh OS X (32&64)
Standard interface	Type Built-in Mode Full Speed (12 Mbit/sec), High Speed(480 Mbit/sec), Bulk transfer Connector type Series B (4 pins) Type Built-in Standard IEEE 802.3 10base-T IEEE 802.3u 100base-TX / Auto-Negotiation IEEE 802.3ab 1000base-T / Auto-Negotiation IEEE 802.3 x Full Duplex Protocol IPX/SPX (Netware 4.2(J), 5.1(J), 6.0(J))
Environmental data	
Power consumption	Active mode: 140 W / Ready mode: 6 W / Sleep mode: 1 W
Power requirements (V/Hz/A)	100 V - 240 V, 50/60 Hz
Sound pressure	Active mode: 50 dB (A) / Ready mode: 35 dB (A)
Size print engine (W/D/H)	Océ CS2424: 99.7 cm / 87 cm / 106.2 cm Océ CS2436: 130.4 cm / 87 cm / 106.2 cm
Weight print engine	Océ CS2424: 43.4 kg - 53.7 kg Océ CS2436: 62.9 kg - 75.1 kg
Supplies	
Consumable type	Océ high density aqueous ink (2x Black: pigment, 3x Color +1 black: dye)
Size/Yield	Ink tank size : 130 ml
Other	Maintenance cassette Print head Roll holder
