The first office printer with production print technology and exceptional quality, which integrates seamlessly and securely into any environment

## **Exceptional print quality**

- Innovative technologies ensure exceptional print quality
- Enhanced colour consistency and accuracy with Consistently Vivid (CV) toner
- Exceptional 2,400 dpi resolution for precision printing
- Multi-dimensional mixed colour calibration with Auto Correct Colour Tone (ACCT)

- Real time colour calibration
- Optimised toner transfer efficiency for impressive prints on a wide range of media, including heavy structured stock
- Compact and highly accurate registration technology

The first office printer with production print technology and exceptional quality, which integrates seamlessly and securely into any environment

#### **Secure printing**

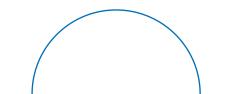

- Keep your information confidential throughout document workflows
- Standard and optional features for device, network and document security
- Control access and usage with features such as secure print and pin release
- Password protect PDFs
- Secure data storage
- Optional data encryption

# Seamless integration and management

- Seamless integration into your existing and future office workflows
- Support for industry IT standards such as PCL and Genuine Adobe Postcript®\*
- Easy configuration, management and upgrading
- Automated capture of meter readings, consumables management and diagnostics
- Integration with solutions such as uniFLOW, eCopy and many other document capture and output management software

<sup>\*\*</sup> Typical Energy Consumption. Methodology defined by ENERGY STAR (www.eu-energystar.org)

<sup>\*</sup> Optional

#### **Maximum productivity**

- Up to 60 A4 pages per minute
- · Exceptional production speeds on heavy coated stock and mixed media
- Effortless duplex printing on up to 300 gsm media with media sizes up to SRA3
- Efficient information capture, search and re-use
- Flexible mobile printing and scanning options maximise business efficiency
- Excellent reliability for uninterrupted production
- Choice of productive and intuitive EFI and Canon controllers

#### **Advanced cost control**

- Easily identify potential cost savings
- Support for Canon's uniFLOW software
- Track, and charge, specific print jobs to individuals, departments and projects
- User-based monitoring and reporting

#### Sustainable by design

- Highly energy efficient
- ENERGY STAR® qualified
- Class-leading TEC\*\* rating
