Fast, USB-powered scanning

The sophisticated imageFORMULA P-215 offers the fastest USB-powered scanning in its class with duplex speeds of up to 30 images per minute, and can be achieved using just a single USB cable connection. Its 20-sheet Automatic Document Feeder enables fast batch scanning, ideal for executives who need to process signed contracts and close deals.

Space saving and lightweight

The P-215 is extremely stylish with a sleek black and silver design. Its small footprint makes it easy to place on busy desktops, in drawers or use in the home. Weighing approximately 1kg it is the perfect accessory for mobile executives to fit into a briefcase or laptop bag.

Versatile media handling

The P-215 can scan a variety of media ranging from traditional A4 to irregular sized documents and photos. It also features a front facing switch back card slot ideal for scanning plastic ID and embossed cards.

Plug-and-scan convenience with CaptureOnTouch Lite

The P-215 is extremely simple to use – just connect with a USB cable and start scanning! CaptureOnTouch Lite software is built into the P-215 so there is no need to download additional drivers or software, it's simply plug-and-scan.

High quality imaging

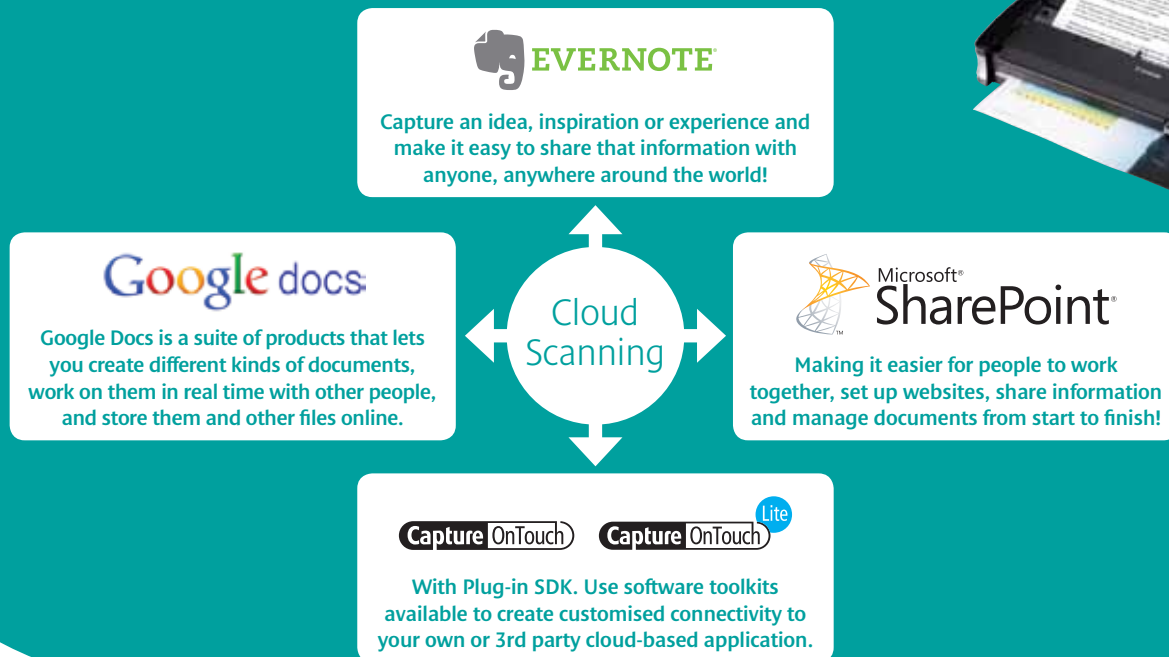

High quality imaging is made possible through Canon's proven image processing technology that allows for high resolution scanning up to 600dpi. Image clarity can be further enhanced by colour dropout, moire reduction and advanced text enhancement II – perfect to ensure superb scan quality and ideal for creating searchable PDFs.

Easily create new solutions

Software development kits for CaptureOnTouch and CaptureOnTouch Lite make it possible to build applications that integrate directly with the P-215 to create new workflow solutions.

Scan direct to the cloud with CaptureOnTouch

For the ultimate convenience of anytime, anywhere document access you can scan direct to various cloud services. These include Evernote, SharePoint and Google Docs™. It's a good way to maintain smooth and efficient workflows.

Software

The P-215 includes ISIS & TWAIN drivers for Windows, and TWAIN drivers for the Mac. These allow easy interaction with your standard imaging application. It also has a full-suite of software applications to help users work more effectively.
